

30 Days of Statistics & Probability for Year 3/4

<p>Day 1 Ask your family members which TV shows they enjoy. Create a column graph.</p>	<p>Day 2 You want to go on a skiing holiday with your family in Canada! What is the most likely place and time for you to go? Why?</p>	<p>Day 3 Flip a coin with a partner, 20 times each and record how many times you got heads and tails in a tally. Discuss your results!</p>	<p>Day 4 Write down events that may or may not happen. Order them from least likely to most likely to happen on a number line.</p>	<p>Day 5 Create a set of 'Chance Challenge' cards and ask a family member e.g. what is the chance you will fly tomorrow?</p>	<p>Day 6 Create cards with events where one will not happen if the other does and play a match-up game with someone e.g. I will type my story- the computer is broken.</p>
<p>Day 7 A student asked Miss B a question and her response was 'maybe'. List what possibilities the question might be?</p>	<p>Day 8 List all of the possible outcomes in a game of paper-scissors-rock. Play with a partner!</p>	<p>Day 9 Create a table with the headings: Certain, Possible, Unlikely, Impossible. List at least 6 events that would belong under each heading.</p>	<p>Day 10 A family has 3 children, 1 is a girl. Draw what the other family might look like.</p>	<p>Day 11 Mrs M spent \$10. She was given \$5 change. List all of the possible coins she could have received.</p>	<p>Day 12 Have a jar of food (e.g. jellybeans). Record all of the possible outcomes if you put your hand into the jar and selected 4 (e.g. 1 red, 2 greens, 1 blue).</p>
<p>Day 13 Write down the possible combinations if I rolled 2 six-sided dice.</p>	<p>Day 14 Write down as many chance words that you can think of in 5 minutes! E.g. uncertain, may, will.</p>	<p>Day 15 Ask your family what their favourite food is. Create a tally and then a bar graph with the information.</p>	<p>Day 16 List 5 questions you could ask to find your class' most popular favourite colour.</p>	<p>Day 17 Write down 3 things you think are fair and 3 things you think are unfair.</p>	<p>Day 18 Write sentences about the possibility of something happening using the language of chance e.g. highly unlikely.</p>
<p>Day 19 Create a map of your suburb. Colour the longest way to get from your house to the shops, the shortest way & 3 other ways you can get home from the shops!</p>	<p>Day 20 Write down 1 event that will happen today, 1 that won't and 1 that might.</p>	<p>Day 21 Work with a partner. Roll 2 dice 20 times. Write your results in a table. Draw a graph of the information.</p>	<p>Day 22 Create a pictograph of your family's favourite superheroes.</p>	<p>Day 23 Draw all possible two-scoop combinations of these flavours: vanilla, lime, chocolate, mango & strawberry.</p>	<p>Day 24 I have 4 pens- blue, black, green & red. I picked 2 without looking. What are the chances I picked blue or red? Why?</p>
<p>Day 25 Draw a bag of 12 jellybeans. Ask someone the questions- how many are Yellow? Purple? Pink? They need to answer in fraction format, e.g. 2/12.</p>	<p>Day 26 Predict what number you will roll on a die the most. Roll the die 30 times and keep a tally. Were your predictions correct?</p>	<p>Day 27 Create your own game of chance and play with a partner, e.g. a game with dice or playing cards!</p>	<p>Day 28 Take turns tossing a coin with a partner. Keep a tally of 50 tosses each, first one to 20 tails wins!</p>	<p>Day 29 Write down as many things that are impossible as you can in 2 minutes!</p>	<p>Day 30 Make a list of 10 questions where you would get an answer of 'probably not'.</p>
