Charges:

The term charges refer to the provision of extra cost optional activities, which are part of an educational program and which Voluntary Contributions do not cover. All of the following are optional. However, participation is conditional on payment being made. If no payment is received, an educational activity with a similar outcome will be provided to that student.

The 2024 extra cost optional activities, which have been **approved by School Council**, are listed over the page. The estimated costs provided are at an upper limit and will not exceed this amount. If a particular event does not transpire within the school year NO charges for that event will apply.

Payment Options:

Parents can pay the Contributions off by periodical instalments if required.

With Charges, the school will notify parents when these are due and part payments can be paid before the event activity takes place. Full payment is required by the due date on the permission slip. If families are placed in a credit position these funds can be used.

Parents are encouraged to pay regular instalments to place themselves in a credit position. This assists when money is due.

PLEASE NOTE: ALL monies to be handed into the Front Office.
